

Innovation & collaboration

The BAS Group is focusing its innovation efforts on three different areas:

1. ICT and a paperless working environment.
2. Logistics concepts.
3. Social innovation

Colour prints
goal **-10%** | achieved **-12%**

Work and graduation placements
goal **5** | achieved **13**

Quality & safety

Trust is a plus, but checks are better. We are focusing on the following three quality and safety-related subjects:

1. Quality management
2. Safety management
3. Integrity management

External audits with an outcome that is below the norm
goal **0** | achieved **0**

Accidents resulting in injury/absence
goal **2** | achieved **3**

Accidents not resulting in injury/absence
goal **20** | achieved **11**

Integrity incidents
goal **0** | achieved **0**

The environment & Co2

We are taking various steps to reduce our environmental impact, including the use of Smart Modal Solutions and innovative ICT solutions.

Gas consumption per m2
goal **-9%** | achieved **-27%**

Consumption (km/L)
goal **+3,75** | achieved **+3,78**

Average European emission standard
goal **5,8** | achieved **5,9**

Waste separation
goal **85%** | achieved **100%**
